Gary,

I'm still waiting on lab results so we can submit the discharge permit application to the TCEQ this week. We're also waiting on lab results for disposal pricing at US Ecology. Glenda Felkner the only person that bids jobs for US Ecology was on vacation last week so we were unable to get pricing and final requirements for disposal of solids at their facility.

We're scheduling the centrifuge but don't have a date yet. I'll let you know when it's available and we can start removing the sludge.

I was in the field Thursday and Friday last week, I'll get you a schedule later today, sorry for the delay.

Stephen Halasz P.G.
